Forward Storage Area

[Limitless Options]

2018 models receive the G7 six seat cockpit and teardrop style deck just as the larger 40, and 43 models offer. The 38 R/P is the perfect size for superior performance and handling with stern-drive power in an easy to manage 38' package. The MTI 38 R/P is the perfect boat for those that want the power of the Mercury Racing Sterndrives such as the 860 or 1100QC4V engines in a smaller package.
