[Limitless Options]

The MTI 52' is the largest model in our R/P lineup. The size of the boat offers an exceptional ride in rough conditions and provides a very large space for an 8 seat cockpit. We offer many different options and custom possibilities, which allows you to tailor your 52' MTI to fit your dreams and lifestyle. The 52 R/P is designed to offer the best in luxury and performance. Choose from a variety of power options including twin 1100 HP Mercury engines, running 89 octane engines or step up to larger 1350 HP or 1550 HP Mercury powered engines with two year warranties. The 52 R/P can certainly handle the power.
